Brief Description

The Ali Bedni Bugyal meadows have an elevation of around 11686 feet from the ground. This alpine meadow lies along the Northern edge of Almora, Nainital, Gwaldam, and Kausani hill stations. The Mt. Trishul standing tall and firm against the clear blue skies makes a picture-perfect backdrop.

The best part of this scenic vista is the great panoramic views the surrounding valleys and mountains offer. A bundle of surprises, the experience of wandering through the dense forests of this trek merely is astounding. When you make your way through the lush green shades of forest cover; you come across vast open lands- stretches of sprawling green carpets.
